PRAXIS TECHNOLOGIES

Capability Statement

DRAFT

UEI Pending CAGE Pending NAICS 541511 (primary) PSC DA01 (target)

SDVOSB Certification in progress

COMPANY OVERVIEW

Praxis Technologies, LLC is a service-disabled veteran-owned, fully virtual healthcare IT firm. We deliver data, software, systems integration and cloud support to federal health programs, partnering with prime contractors as a subcontractor or contractor-team member. Our first focus is bounded data-quality, interface-validation and integration-testing work inside prime- and government-approved environments.

CORE COMPETENCIES

- **Data & analytics:** data pipelines, data-quality rules, reporting and dashboards for health program data
- **Software development:** web applications, APIs, microservices and improvements to existing systems
- **Systems integration:** HL7 FHIR clinical data exchange, REST/OpenAPI services, event-driven integration, interface validation and integration testing
- **Cloud support:** deployment automation, CI/CD, infrastructure-as-code, monitoring and observability on customer-approved platforms
- **Project support:** technical planning, requirements gathering, estimates and delivery planning

DIFFERENTIATORS

- Founders bring hands-on experience in clinical (EHR) data ingestion, FHIR interoperability, cloud data pipelines, microservice platforms and DevOps
- Bounded, fixed-scope work packages that are easy to add to a prime's team
- Standards-first, well-documented delivery under the customer's security controls
- Veteran-owned and veteran-led; SBA VetCert (SDVOSB) certification in progress

STANDARDS

HL7 FHIR R4 | US Core / USCDI | OpenAPI | CI/CD | IaC | HIPAA-aware | FAR 52.204-21

PAST PERFORMANCE

New firm with no corporate past performance yet. Founders' individual project experience is available on request.
